

*Transparency. Accountability. Availability.*

**2026**

***BXM General  
Capabilities Guide***

*Serving all 50 states, including Mexico & Canada.*

# **WHAT IS BXM?**

***BXM Cargo was built to bring accountability back to freight. After years in logistics, we saw the same problems repeated across the industry: poor communication, slow updates, unreliable coverage, and providers who disappeared when issues came up. We founded BXM to operate differently.***

***As an authorized agency of C Cross Logistics, BXM combines high-touch service with nationwide freight capability. We support importers, exporters, manufacturers, freight forwarders, NVOCCs, and domestic shippers across truckload, cross-border, bonded, drayage, airport, seaport, warehousing, expedited, and final-mile solutions.***

***Our approach is simple: treat every shipment like it is our own. We communicate before customers have to ask, take ownership when freight is in motion, and execute with speed, precision, and real accountability.***

**Will Bryant**

**Mason McCaffery**

---

***Whether your freight moves across town, across borders, or across the world, BXM Cargo takes it from there.***

# SERVICES

## DOMESTIC

- **FTL/LTL/PTL**
- **Multi-stop routing**
- **Drop trailer programs**
- **Time-critical and high-value handling**
- **24/7 Real-time tracking and documentation**
